9.5 Probability of Disjoint and Overlapping Events

Name _____ Period ___ Date _____

Algebra I 9.5 (30-minute plan) · Exit ticket

1.

You roll a die. Are “rolling an even number” and “rolling a 3” disjoint or overlapping?

2.

A and B are disjoint, P(A) = 0.4, and P(B) = 0.3. Find P(A or B).
